## TIMELY KNOWLEDGE AT YOUR FINGERTIPS

THE FLORIDA INSURANCE RESEARCH LIBRARY (FIRL) is the most comprehensive desktop reference source for insurance professionals. Updated in real time, the FIRL holds 15,000 pages of Florida-specific insurance reference guides, ISO rules, protection classes, classifications, ACORD forms, and links to Florida Statutes and Florida Administrative rules. Attorneys, adjusters, wholesalers, and insurance company personnel use it. It's on the desk of thousands of property and casualty insurance agents, and is distributed to key positions at the Florida Department of Financial Services.

The fully searchable text is researched and written by attorneys, actuaries, and insurance experts at the Florida Association of Insurance Agents (FAIA). It is a complete insurance library. This 15,000+ page library will be continually enhanced to provide Florida's insurance industry with the latest and most valuable insurance information.

The FIRL's index lets you find examples, annotated statutes, and relevant case law. It includes links to all appropriate statutes, regulatory forms, DFS bulletins and rules. It also explains insurance customs, contracts, forms, and endorsements - virtually everything you need to know about every major line of P&C insurance, all updated quarterly and customized specifically for the state of Florida.

Once you subscribe to the FIRL your FAIA.com login ID will automatically permit access to the FIRL! No separate ID or password is needed.

## \*Authorization for Direct Payment of the Florida Insurance Research Library

Members can elect to pay for the FIRL quarterly at \$165 (billed the 15th of January, April, July, and October), while non-members can elect to pay \$330/Quarter.

I authorize the Florida Association of Insurance Agents and SunTrust to initiate entries to my checking or savings account or credit card as noted below. This authority begins with the next billing for the FIRL, and will remain in effect until I notify you in writing to cancel it in such time as to afford FAIA or SunTrust Bank a reasonable opportunity to act on it.
